Programme: 34th ANNUAL CONFERENCE OF THE INTERNATIONAL CLINICAL HYPERTHERMIA SOCIETY (ICHS)

Thursday 22nd September 2016

Session 1

Topic: Biological basics, experimental and technical studies of hyperthermia

Chairman: **S. Roussakow, G. Fiorentini**

8.00 Technique of Whole-Body Hyperthermia and Fibromyalgia Syndrome

A. Von Ardenne

8.20 Critical Issues in the use of double antennas in superficial hyperthermia treatment. **A. Di Dia**

8.40 Local hyperthermia in combination with traditional chinese medicine **C. Pang**

9.00 Place and role of clinical hyperthermia in the system of thermotherapy in oncology: let's define what we are doing

Sergey Roussakow

Session 2

Topic: Clinical evidences of increasing survival adopting hyperthermia alone or in combination with anti-cancer methods

Chairman: **C. Pang, M. Hussein**

9.30 Hyperthermia combined with conventional and complementary anticancer treatment

J. Brenner

9.50 Colorectal cancer and the effect of the combination of chemotherapy and hyperthermia **M. Hussein**

10.10 Hyperthermia as new antigens inductor before anti PD-1 therapy: from theory to clinical practice

G. Ranieri

10.30 Pharmacoeconomic study of oncothermia in the treatment of lung cancer

S. Roussakow

10.50 Quo vadis oncological Hyperthermia:Update 2016 **A. Szasz**

11.10-11.20 coffee break

Session 3

Topic: Results and perspective of hyperthermia associated with radiotherapy and chemotherapy

Chairman: **S. Dall'Oglio, F. Bunkeila**

11.20 Hyperthermia combined with radiation in cervical cancer **C. Minnaar-Strauss**

11.40 World-wide status of Hyperthermia **S. Maluta**

12.00 Combination of hyperthermia and radiotherapy in pancreatic cancer

P. Gabriele

12.20 Prostate cancer: integration of radiotherapy and hyperthermia **S. Dall'Oglio**

12.40 Superficial Hyperthermia in association with Radiotherapy: toxicity and outcome in metastatic lesions. **G. Cattari**

1.00-1.30 pm LUNCH

Session 4

Topic: Workshop section

Chairman: **P. Gabriele, S. Maluta**

1.30-2.15 p.m. **Workshop** Local Hyperthermia **O. Szasz**

2.15 -3.00 p.m. **Workshop** Whole Body Hyperthermia **M. Hussein**

Session 5

Topic: Extreme Hyperthermia in lung and liver lesions

Chairman: **J. Brenner, M. De Simone**

3.00 p.m. Extreme hyperthermia in lung lesions **C. Gadaleta**

3.20 p. m. Microwave ablation of large HCC by

multiple synchronous antennae: technique,

results and long term follow-up

L. Tarantino

Session 6

Topic: Peritoneal surface malignancies treated with Cytoreductive Surgery (CRS) and hyperthermic intraperitoneal chemotherapy(HIPEC) –PART I

Chairman: **M. Deraco, S.Guadagni**

3.40 p.m. HIPEC: state of the art

S. Kusamura

4.00 p.m. Ovarian Cancer I **M. De Simone**

4.20 p.m. Ovarian cancer II **P. Sammartino**

4.40 p.m. Use of C-Parp inhibitors in ovarian cancer **F. Graziano**

Session 7

Topic: Peritoneal surface malignancies treated with Cytoreductive Surgery (CRS) and hyperthermic intraperitoneal chemotherapy (HIPEC) -PART II

Chairman: **C. Milandri, G. De Manzoni**

5.00 p.m. Peritoneal Mesothelioma **M. Deraco**

5.20 p.m. Gastric Cancer **G. De Manzoni**

5.40 p.m. New drugs in gastric cancer: Ramucirumab **V. Catalano**

6.00 p.m. Colorectal cancer **D. Baratti**

Open Discussion : K. W. Sung, N. Winters, Z. Xinting, Z. Hongyu, F. H. de Freitas Azevedo

MODULO D'ISCRIZIONE

Si prega di compilare in stampatello e in chiare lettere

Inviare ad Intercontact entro e non oltre il **10 Settembre 2016** via fax al numero 0721.1633004 oppure per e-mail a f.gallinari@intercontact.it
